

Department of Defense

DoD ITEP Detail Opportunity: Seeking private sector IT Professional (Strategic Mobility & Wireless Domain)

Location: Headquarters, Army, Office of the Chief Information Officer/G-6, Cyber Directorate, Emerging Technologies Division; Arlington, VA

Clearance Requirement: Secret (Prefer Top Secret)

Length: 9 months to 1-year detail

Date of Announcement: June 30, 2011

The Information Technology Exchange Program (ITEP) pilot provides a unique opportunity for DoD Components and private sector organizations to share best practices, and to gain a better understanding of each other's IT practices and challenges. Under this collaborative learning venture, DoD and private industry organizations will have a unique opportunity to share best practices and enhance employee/organizational capabilities through personnel details that range in length from 3 months to 1 year and encompass a broad range of IT functional areas.

This detail is located at the Headquarters, Department of the Army, CIO/C6, Cyber Directorate, Emerging Technologies Division (ETD), 2530 Crystal City, Arlington, VA 22202. This assignment will be affected by Base Realignment and Closure and the assignment will be relocated to Fort Belvoir in September 2011. The mission of the CIO/G-6 Cyber Directorate is to integrate the efforts across the Army staff to provide policy, oversight and guidance to enable information dominance for the Army.

Basic Eligibility Requirements

Private sector employees desiring to participate in the ITEP pilot must: 1) be working in the IT field; 2) be a US citizen, subject to a background/suitability investigation; 3) be equivalent to a GS-11 or above; 3) meet or exceed successful performance levels and makes significant contributions towards achieving organizational goals; and 4) be currently employed by an organization interested in participating in the ITEP pilot. The supervisor and company approval must be obtained for ITEP detail opportunities.

Goals and Objectives of the ITEP Candidate

- Exposes industry professionals to the technical, business, and leadership competencies employed in key programs using emerging technologies related to mobility & wireless domains
- Builds a working knowledge of Army practices in mobility & wireless domains; enhances skills in other critical areas through structured work-based training and assignments
- Gains understanding of the challenges and considerations in working in a federal mobility and wireless environment

Responsibilities

- Provides support in the development, implementation, and integration strategy for the Department's mobility and wireless policies
- Provides technical advice and assistance in the coordination, development, and management of a wide variety of sensitive and complex mobility and wireless programs and projects with IA policy implications
- Participates in cybersecurity mobility and wireless working groups and committees
- Provides support in the development and/or sustainment of Army's IA mobility and wireless policy issuances
- Monitors proposed and newly promulgated Federal Legislation, Committee on National Security Systems Issuances, Office of Management and Budget guidance, and other national-level policy affecting the DoD's IA program related to mobility and wireless security
- Conducts analysis to identify and resolve gaps based on new legislation and policy and DoD IA policy portfolio

- Participates in senior-level briefings on IA-related mobility and wireless issues and events

Desired Competencies and Skills

- Subject Matter Expert on wireless technologies and IT security
- Written and verbal communication skills
- Self-starter and able to work independently
- Problem solver and possess good analytical skills

Benefits

- Provides an opportunity for DoD and private sector organizations to share best practices and enhance employee/organizational capabilities
- Affords the government the opportunity to learn about new and emerging technologies in the area of IA-related mobility & wireless domains
- Provides forums for the ITEP participant to interact with various DoD Components and external organizations

Salary and Allowances

The private sector lending organization has full responsibility for payment of all salary and allowances to their employee participating in the ITEP pilot.
